SPANISH COWARDS.

Gen. Kent's Headquarters, Near Aguadores, June 30.—The Spaniards in the front of general Kent's line have adopted a new method of preventing him from firing on their works.

They have strung, at frequent intervals, Red Cross flags, the line being directly in view of their entrenchments. The object of this, it is thought at Gen. Kent's headquarters, is to prevent the Americans from firing in that direction, or, if the Red Cross is ignored, to spread the idea that the American soldiers are violating the rules of civilized warfare in firing upon hospitals.

HUNDREDS FALL

The Loss of the American Forces May Be Heavy—Thought That Five Hundred Are Wounded.

ONE HUNDRED MAY HAVE BEEN KILLED.

The Gallant Conduct of General Wheeler—He Was Carried to the Front on a Litter—Could Not Be Held Back.

GENERAL PANDO REACHES SANTIAGO WITH 6,000 MEN.

WASHINGTON, July 2.—The opinion of the department here is that the occupation of San Juan Heights by the American troops opens the way for the taking of Morro Castle and dooms it to final capture. The temperature at Santiago this morning is one hundred and six degrees.

NEAR SANTIAGO, July 2.—The American troops after a furious fight all day yesterday all along the front, completely routed the Spaniards and drove them into Santiago. The victory of our troops was complete. The American loss is estimated at four hundred, most of whom are wounded only. Morro Castle was completely ruined by the shells of the American fleet.

The fight will be renewed this morning.

SANTIAGO WILL FALL TODAY OR SUNDAY.

WASHINGTON, July 2, 9 a. m.—Dispatches from the front make it almost certain that our troops will enter Santiago tonight or Sunday. It is stated that Commodore Watson's squadron will not be sent to Spain until after the fall of Santiago. It will probably be ten days before it will be ready to sail.

10 a. m.—The war department has just received a dispatch from Gen. Shafter in which he says he fears he has underestimated our loss in yesterday's battle. He says he must have a fully equipped hospital ship immediately. Also he must have additional medical officers and supplies. Also he asks for a launch.

HEAVY LOSSES IN YESTERDAY'S BATTLE.

WASHINGTON, July 2.—It is thought the loss in yesterday's battle will probably be one hundred killed, and five or six hundred wounded. The shells from the Spanish fleet are believed to have done very heavy execution.

NEW YORK, July 2.—Sylvester Scovell, the war correspondent of the New York World, reports: One hundred wounded American soldiers were carried past him up to 2 o'clock yesterday.

WASHINGTON, July 2.—Unofficial advices give the following losses: Battery A, Second Artillery, killed: Privates Underwood and Helm. Wounded: Sergeants Doory, Vette and Cornford and Corporal Keen.

GAUNTANAMO, July 2.—The following wounded are reported from yesterday's battle: Corporal McLain, Private Barr, Rough Rider Mason Mitchell, Sergeant Devore, Trooper Freeman, and Corporal Armstrong, of the Third cavalry. Fifteen Cubans in the valley before El Poso were wounded by the Spanish shells.

GENERAL PANDO REACHES SANTIAGO.

PLAYA DEL ESTE, July 2.—General Pando with five thousand Spanish troops reached Santiago Thursday.

NEW YORK, July 2.—Sylvester Scovell reports that General Pando with six thousand troops has entered Santiago. He dispersed eight hundred Cubans who tried to check him.

GUANTANAMO, July 2.—A courier reports that El Caney has been captured, and Aguadores has fallen, and Santiago's fall is only a question of a few hours.

General Shafter moved on Santiago this morning, and the battle is raging today along the whole front.

GALLANT JOE WHEELER.

GUANTANAMO, July 2.—General Wheeler, who was ill, insisted on going to the front and went with his command, being carried on a litter. He was still advancing when met and told the battle had been won.

SHAFTER'S FIRST REPORT.

WASHINGTON, July 2.—The war department received the following from Gen. Shafter last night, dated at Siboney: "Had a very heavy engagement today, which lasted from 8 a. m. until

sundown. We have carried their outworks, and are now in possession of them. There is now about three-quarters of a mile of open between my lines and the city.

"By morning troops will be entrenched and a considerable augmentation of forces will be there. Gen. Lawton's division and Gen. Bates' brigade, which have been engaged all day in carrying El Caney, which was accomplished at 4 p. m., will be in line and in front of Santiago during the night.

"I regret to say that our casualties will be above 400. Of these not many killed."

NO LATE REPORT FROM SHAFTER.

WASHINGTON, July 2.—Nothing had been received at 1 o'clock p. m. from Gen. Shafter about the resumption of the fight today. Gen. Alger says the fight was resumed this morning, but has no advices of the progress made.

The state department has received a dispatch from Port Said saying that the Spanish ships Colon and Cavadoaga entered the Suez canal yesterday. The rest, except one, are being repaired and have left the harbor, coaling from transports.

SPANIARDS CRYING NO SURRENDER.

The War Party Said to Be Gaining Strength in Spain—They Want to Continue the War.

MORE SPANISH PRIZES CAPTURED.

Were Trying to Run the Havana Blockade With Supplies for General Blanco and His Soldiers.

THE LATEST FROM CAMARA'S FLEET.

Madrid, July 2.—The efforts of the peace party are apparently having just the opposite effect on the war party from what is desired. The war party now seems to be in the ascendant and is stirring up the people with the cry of "No Surrender."

MORE SPANISH PRIZES.

Key West, July 2.—Two more prizes were brought in this morning. One was a British steamer the Benit Estenger, formerly a Spanish vessel and the other a Spanish smack. Both were captured while trying to run the blockade with supplies for General Blanco.

THE LATEST ABOUT CAMARA.

London, July 2.—A Port Said dispatch to Lloyd's says that the Spanish torpedo boat Prosperina, one of Admiral Camara's squadron, has gone to sea. New York, July 2.—The hospital ship Relief sailed for Santiago this morning loaded with stores, provisions and trained nurses. This is the finest ship of the kind ever built and contains every appliance that can possibly be of use in attending to the wants of wounded soldiers and sailors.

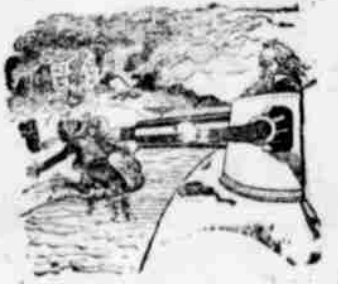

MORE SPANISH DEVILTRY.

London, July 2.—Certain well known Spanish agents here say that a great surprise awaits the American troops upon entering Santiago, they say that the principal streets are being mined.
